The First Modern Japanese: The Life of Ishikawa Takuboku

Asia Perspectives: History, Society and Culture

By **Donald Keene**

Takuboku's early death added to the sad romance of the unhappy poet, but there has been no satisfactory biography of his life or career, even in Japanese, and only a small part of his writings have been translated. This work by world-renowned scholar Donald Keene gives us a clear insight into Takuboku's life and works.

Takuboku's most popular poems, especially those with a humorous overlay, are often read and memorized, but his diaries and letters, though less familiar, contain rich and vivid glimpses of the poet's thoughts and experiences. They reflect the outlook of an unconstrained man who at times behaved in a startling or even shocking manner. Despite his misdemeanors, Takuboku is regarded as a national poet, all but a saint to his admirers, especially in the regions of Japan where he lived. His refusal to conform to the Japan of the time drove him in striking directions and ranked him as the first poet of the new Japan.

日本の写本と稀覯書目録

Catalogue of Japanese Manuscripts and Rare Books

COMDC, 10.1

By **Merete Pedersen**

This catalogue explores (and is an essential reference to) the entire collection of early Japanese woodblock-printed books, maps and single-sheet prints held in the Royal Library, Copenhagen. Detailed entries include transcriptions and illustrations enabling scholars to identify material. It furthermore provides reproductions of pages of each of the books and a representative selection of the woodblock prints for a visual appreciation of the works. The introduction outlines the history of the collection, identifying some of the more important items and explains the bibliographical principles on which the catalogue has been compiled. Indexes and a comprehensive list of references are also included.

HIRMER

北斎×漫画：1680年以降の日本のポップカルチャー
英語版

**Hokusai × Manga: Japanese Pop Culture
Since 1680** *English edition*

Edited by **Sabine Schulze, et al.**

Hokusai × Manga offers fascinating insight into the most widely consumed examples of popular culture in the history of Japanese art. Woodblock prints, or ukiyo-e, were a central medium of early mass culture, and they served as a fantastical escape from everyday life. As Japan transformed into a modern nation and society, the demand for popular art didn't disappear, and the forms were merely adapted from one cultural context to another, changing to reflect the high-energy urban streets of Tokyo, but retaining many of the basic elements. Dozens of lively, colorful images—from shunga sheets to selected excerpts from manga by Jirō Taniguchi, Inio Asano, and more—are interspersed throughout the book, making *Hokusai x Manga* as fun to read as it is informative.

GETTY PUBLICATIONS

日本の花

Some Japanese Flowers

The J. Paul Getty Museum

Photos by **Kazumasa Ogawa**

Captivated in his youth by the new technology of photography, Kazumasa Ogawa (1860–1929) became one of the most enterprising and important early photographers, technicians, and printers in Japan. Born shortly before the Meiji era (1868–1912), or period of “enlightened rule,” and educated in both the United States and Japan, Ogawa produced a range of illustrated books for the Western market. His work focused on traditional architecture, scenic views, and subjects associated with Japanese culture, such as national festivals, military tableaux, ritual customs, costumed geisha, and flowers. In addition to thirty-eight full-color plates, this small-format, stitch-bound book contains an 1890 portrait of Ogawa as publisher of Japan’s first photography magazine, *Shashin Shimpo* (Photographic journal). An accompanying essay traces Ogawa’s distinguished career and describes the colotype process used to produce his exquisite flower images, collected here again for the first time since the late nineteenth century.

Foxwell, Chelsea

Making Modern Japanese-Style Painting: Kano Hogai and the Search for Images

296 pages 2015 Univ. of Chicago Pr.

Hardback 9780226110806 ~~¥8,910~~ Sale ¥7,120

The Western discovery of Japanese paintings at nineteenth-century world’s fairs and export shops catapulted Japanese art to new levels of popularity. This volume explores the visual characteristics and social functions of nihonga and traces its relationship to the past, its viewers, and emerging notions of the modern Japanese state.

ROWMAN & LITTLEFIELD

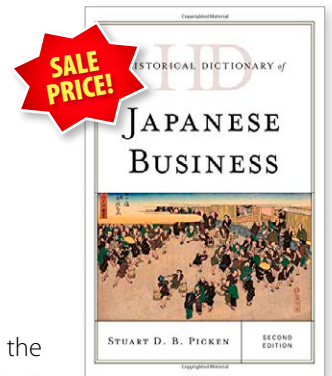

日本ビジネス史事典 第2版

Historical Dictionary of Japanese Business 2nd edition

Historical Dictionaries of Professions and Industries

By **Stuart D. B. Picken**

Japan, although now listed as the world's third-largest economy after that of the United States and China, has been too readily dismissed in the late 20th century as a spent force. This is as unfortunate as it is incorrect. While the Peoples' Republic of China is indeed growing and its markets are expanding, an enormous amount of the impetus for development as well as logistical support is coming from large numbers of Japanese corporations operating in the PRC. Major Japanese enterprises such as Toyota, Sony, and Honda are already in China or are in the process of establishing a presence there. The export of Japanese technology remains an important contribution to China's development. The benchmark of product quality within Asia and in some areas beyond has been set by Japanese industrial standards.

看板: 日本の伝統的な看板

Kanban: Traditional Shop Signs of Japan

By **Alan Scott Pate**

Kanban are the traditional signs Japanese merchants displayed on the street to advertise their presence, represent the products and services to be found inside their shops, and lend a sense of individuality to the shops themselves. This book provides a tantalizing look at this distinctive fusion of art and commerce. This beautifully illustrated book traces the history of shop signs in Japan, examines how they were created, and explores some of the businesses and trades they advertised.

(Asia: Local Studies/Global Themes, 31)

304 pages 2016:09 U. of California Pr.

Hardback 9780520292000 US\$70.00

Early modern Japan was a military-bureaucratic state governed by patriarchal and patrilineal principles and laws. During this time, however, women had considerable power to directly affect social structure, political practice, and economic production. This book explores the dynamic nature of Japanese women's lives during the early modern era.

The Book of Yokai: Mysterious Creatures of Japanese Folklore

309 pages 2014 U. of California Pr.

Paperback 9780520271029 US\$29.95

Monsters, ghosts, fantastic beings, and supernatural phenomena of all sorts haunt the folklore and popular culture of Japan. Drawing on years of research in Japan, this book unpacks the history and cultural context of yokai, tracing their roots, interpreting their meanings, and introducing people who have hunted them through the ages.

The Japanese and the War: Expectation, Perception, and the Shaping of Memory

(Asia Perspectives: History, Society and Culture)

376 pages 2017:02 Columbia U.P.

Hardback 9780231177023 US\$65.00

Lucken defines three distinct layers of Japan's memory of World War II: the population's expectations at the beginning, the trauma caused by conflict and defeat, and the politics of memory that arose after Japan lost to the Allied powers. Emphasizing Japanese-language sources, Lucken writes a narrative of the making of Japanese cultural memory that moves away from Western historical modes and perspectives.

The Prime Ministers of Postwar Japan, 1945–1995: Their Lives and Times

404 pages 2016:05 Lexington Books

Hardback 9781498510011 US\$110.00

This book examines the life and times of the postwar Japanese prime ministers from 1945 to 1995. Written by Japan's leading scholars, it is the first biographical portrait in English of these 23 individuals who helped lead Japan on its road to recovery, its return to the community of nations, and its subsequent prosperity.
